Chapter 1 by Totally Olive

I'm a princess but I hate it . The only thing I like is that one day I will be ruler. I hope. I don't like dressing up everyday, and tiaras hurt your head after awhile. I always wanted to be a fighter. Never wanted to be princess. Right now it's etiquette lessons. Alright if I'm a warrior or a war hero will I need to know which fork to use for a salad! I mean really come on. I've always been a bit of a tomboy ever since I was little. I would always play the part of the prince when me and my friends would play castle. I would become a warrior no matter the cost.
